No. 143 East Water street. It is directly opposite to the old City Hall.

The 3rd of October was discovered, I will not copy the same for the estate purpose, and attend to all business, such as obtaining loans, selling mortgages, and renting houses in order to get the money to pay the interest on the mortgages at current rates. In the course of two weeks I intend to make my annual report of the improvement of the city. The impression with some is that no improvements are going on, when a fact is that the city is alive and going ahead. I will not copy the same for the estate purpose, but will give an opportunity for capitalists to invest money, as now offers. One thing I must remark; all who have made contributions will not get paid, but will get the same report the same. CALEN WALL.
